Aerospace/Defense

CUSTOM METAL PARTS WITH:

- Tight Tolerance
- Strict Adherence to Quality Control
- Material Traceability
- Delegated Suppliers
- Quick Turn Around
- Short-Run: 1-100,000
- Assembly:
Lean Manufacturing

BENEFITS

- AS9100 Certified
ITAR\EAR Registered
- Engineering
Collaboration
from inception
to production
- Aerospace
Experienced
Quality Team

Over 100 Years in Business

ISO/AS 9100 | ISO/TS 16949 | ITAR Registered | Aerospace | Military | Defense | Automotive

Connor Manufacturing Services: A World Class Company Where People Make the Difference

“Your Company is as capable as any I have encountered in my 38 years in aerospace”
Aerospace Customer

Back Panel and Brackets

Deep Draw Components

Vehicle Suspension

Spring, Rod Form, Covers

Thin Gauge Precision Stamping

Release Handle Assembly

“From RFQ to product delivery, the single thing I value most is constant communication. Your entire staff is dedicated to my satisfaction”
Aerospace Customer

Connor's Capabilities

See our machinery in action at www.ConnorMS.com

Stamping

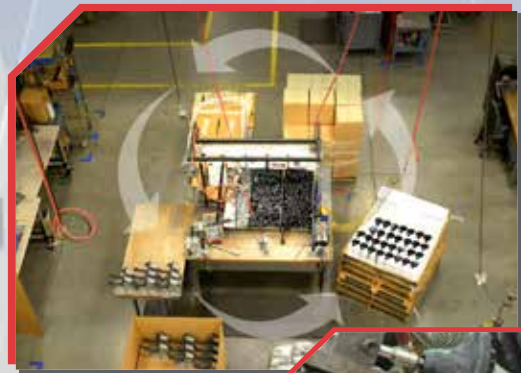

Turret Punching

Forming

Robotic Welding

Lean Work Cell

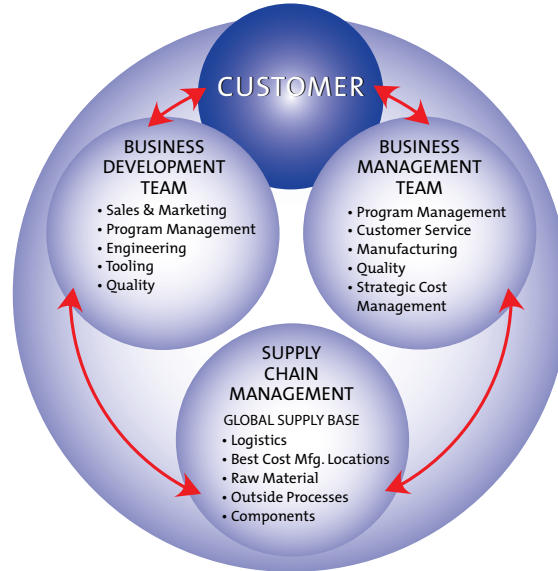

CNC Rod & Wire Forming

Connor's Value Proposition

Early Design Assistance / Quality / Service = Best Cost Solution

And Throughout
the World

Engineering

- Best-cost Design and Build
- Computer Aided Design
- Project Management
- Material Selection
- Electronic FileTransfer
- Global Service

Tooling

- Multiple Tooling Sites
- Design, Build and Maintain
- Laser Cutting
- Prototype and Production
- EDM, CNC, CAD/CAM
- Stage Dies
- Compound Dies
- Progressive Dies

Precision Metal Stamping

- All Material Types
- Conventional
- Multi-slide
- Laser Cutting
- Thin & Heavy Gauge Progressive Stamping
- Proto & Single Stage Precision or Commercial
- High Speed

Wire & Rod Forming

- CNC Wire Forms
- CNC Coiling
- Compression & Extension Springs
- High Speed
- Laser Cutting
- CNC Rod Forming

Strategic Alliance

- Casting
- Machining
- Elastomeric Materials
- Insert Molding
- Medium Volume PCB
- Chemical Etching

Secondary Operations

- Powder & E-Coating
- Plating
- Heat Treat
- Welding
- Laser & Chem-Etching
- Batch & Inline Cleaning
- Drilling, Reaming & Burnishing

Assembly & Packaging

- Tape & Reel
- Mechanical Assemblies
- Assembly & Inspection Fixturing
- Tray Packaging
- Foam Packaging
- Logistics & Distribution
